CONSUMER DIVISION

Prove your skills...

Now that a much wider selection of cartridges is available in the UK, and you've all become so expert on your Atari systems, Vidella, Brains and I felt it was time to give you the chance to record your best achievements. Our Log Book tells you about some game variations - try them, practice them - then qualify as a Pro ... Master, or ... Wizard. And if you can think up other variations to play on the cartridges you have, write and tell us about them.

We're still wading through the hundreds and hundreds of letters, poems and drawings you've sent us. Keep on mailing folk - it's great to get to know you all this way.
